Foster Liability Release: UAF recommends that the fostered animal(s) be isolated from you personal pets and children as a precaution until health and behavior is confirmed (14 days). If this recommendation is not implemented, I will not hold UAF liable for any veterinary expenses for my personal animals either during the time I am fostering or at any time thereafter. I, nor any person or party acquainted with myself, will hold UAF's representatives or affiliates responsible for any damages done to my property, any property, or myself whether or not in my care or residence, or any damages done to any person or persons or other animals that the animal(s) I am fostering may come in contact with while I am under contract to foster.
