Type of equipment borrowed: _____

Terms of lending agreement

I agree that while this equipment is in my care, I will keep it in a secure location to protect it from theft and possible damage. I agree to keep it maintained, clean, and in good working order.

I agree that I will not lend this equipment to others and it will not be used by anyone else but me or members of my household.

I agree that I will promptly return this equipment to UAF after I have finished using it or when a UAF representative requests that it be returned.

I further agree to give a refundable deposit to UAF for the fair replacement cost of this equipment. I understand that upon the return of the equipment, my deposit will be fully refunded, unless the equipment is damaged.

I understand that if the equipment is damaged, a UAF representative will determine the cost of repairs or replacement, and this amount will be deducted from my deposit refund. In the case of a total loss, my refund will be kept by UAF in order to replace the equipment.

I agree that if I do not return this equipment to UAF when I am finished with it, or upon request by UAF, my entire deposit will be kept by UAF.

I agree to the terms as stated above.
